

Wednesdays of Wonder

Carroll University's Prairie Springs Environmental Education Center and Greene Field Station will be launching - Wednesdays of Wonder - this fall 2019. Students in grades K-5 are welcome to stop on by with their parents/guardians for a 1-hour program that will start with a story and lead into a fun, hands-on, nature-related activity. The WOW Program is designed as a 5-week series each season on Wednesday evenings from 4:30-5:30pm. For this drop-in program, parents and guardians can come and bring their children to as many or as few programs as they wish. There is no registration and no charge. Each week we will explore the Prairie Springs property and/or dive into a hands-on project - rain or shine!
