The Easy Way to Save Every Time You Play Golf

How It Works

How It Works:

The Player Pass is good for one year upon activation. To get the most use of your membership, wait until you will use it for the first time to activate it. Follow the instructions to register and activate your membership. You can check out the site find of a listing of courses and their discounts at www.playerspass.com prior to starting your membership.

Each of the main courses can be used 4 times. Once you make a tee time you print out the coupon you will need and take it to the course. In addition, there will be other LAST MINUTE DEALS that will be available from other courses. These will come and go, and new ones may pop up, so make sure to check the site from time to time.

Here are some of the local courses and there discounts. There may be some time and day restrictions, and courses are subject to change, so check site for up to date listings. There are over 1000 courses nationally, and over 90 in Wisconsin alone.
