

Approval Process for Consideration of New Athletic Programs

The Oconomowoc Area School District recognizes that the needs and interests of students may foster support for new or expansion of athletic programs. Staff, parents, or students should submit their written proposals for the addition or expansion of an athletic program to the Athletic Director. The Athletic Director will forward the request to a committee who reviews the request and supporting information for approval or denial. The committee will consist of the Title IX Compliance Officer, the Assistant Superintendent, the Principal and the Athletic Director. All proposals must be received by October 1 each year for consideration in the following school year budget. Any appeal of the committee's decision may be forwarded to the Superintendent.
