

WELCOME TO SILVER LAKE!

If you stepped inside the doors of Silver Lake Intermediate School this past school year, you would have seen a passion for lifelong learning as our students became collaborative workers, complex thinkers, and self-directed learners. - Ellyn Helberg, Principal

ACADEMICS

In addition to Math, Reading/Writing, and Social Studies/Science, SLI exploratory classes and clubs included world languages of Mandarin, German and Spanish, intramural and interscholastic sports, student council, art, technology education, educational gaming, drama, health, orchestra, chorus, band, Project Lead the Way engineering and design classes, and leadership opportunities (to name a few).

PERSONALIZED LEARNING AT SILVER LAKE

Silver Lake School has taken great pride in using the Responsive Classroom Model for the last two years. A school and classroom culture of trust and acceptance was the foundation for establishing an environment in which students were empowered and comfortable with:

- Providing feedback to continuously improve teaching and learning
- Learning from mistakes to enhance achievement
- Aiming for "Stretch" goals to maximize our student and staffs potential.

SCHOOL SPIRIT

Silver Lake Intermediate School demonstrated an amazing spirit this past school year. Our students have pride in their school and were an active part of what makes that spirit so visible. The Silver Lake Student Council ran numerous events, dances and programs this year. In WEB (Where Everyone Belongs), 8th grade mentors served as catalysts for change by modeling positive behavior for their peers, thus reducing incidences of bullying and helping to make Silver Lake School a place where everyone belongs.

SERVICE AND GIVING BACK

The Silver Lake community of students, staff, and families continued to focus on being community contributors by seeking opportunities to teach out and give back to local, national and worldwide organizations. This school year our students were even on the local news channels regarding our activities that raised our community's awareness and money for the Juvenile Diabetes Research Foundation. Our continued belief of Service Learning being mutually beneficial empowers our SLI students with the realization that they can change

About Silver Lake, cont'd.

the world. Our world was changed by kind actions and the learning exhibited by our students every day at SLI!

Silver Lake Intermediate School also had a special visit celebration when we were able to showcase some of our instructional work in co-teaching and Universal Design for Learning (UDL) in order to inform our State Department of Public Instruction of better instructional practices for meeting the needs of all students and inclusive special education practices. Silver Lake School...a great place to be!

Funds raised for Juvenile Diabetes

Ecology Club, Forensics Club, German Club, Homework Time, Minecraft Community, NJHS 7/8, Robotics, Safety Patrol, Soccer Club, Spanish Club, Student Council, Talent Show, Trap Team, Walking Club, (WEB) Where Everyone Belongs, Yearbook

SCHOOL PERFORMANCE: MAP TEST

We measure intermediate academic progress using the MAP test, typically given to students at the beginning of the school year in the fall, and at the end of the school year in the spring. MAP stands for "Measures of Academic Progress." The assessments are taken using a computer. They are adaptive, meaning that the difficulty of each question is based on how well a student answers all the previous questions. Students are tested on Reading, Language Usage, and Math.

MAP assessments are used to measure your student's progress or growth in school from one year to the next. MAP assessments measure a student's growth in math, reading, language usage and science. Teachers use MAP test results to help them keep track of progress and growth in basic skills. Teachers use this information to help them guide instruction in the classroom each day.

SILVER LAKE SCHOOL ACHIEVEMENT PROFILE MAP RESULTS: NATIONAL PERCENTILE RANKS-SPRING 2015

Grade (Spring 2015)	Reading	Math
5th grade	64	77
6th grade	75	87
7th grade	64	77
8th grade	72	78

Notes: National Percentile Rank Score Range(1-99, M=50): Low Achievement 1-20; Low Average 21-40; Average Achievement 41- 60; High Average 61-80; High Achievement 81-99. Student Growth Summary Report - Spring 2015.
