## EXCEPTIONAL & ENGAGED STAFF

The OASD employs over 646 staff members, dedicated to our mission of empowering a community of learners and leaders. 64% of certified staff at OASD hold a Master's degree and they bring a cumulative 5,470 years of education experience to our students. Our teachers and staff continually receive grants, awards and recognition for their contribution to our students, community and the field of education. Many dedicate their time outside of school to lecturing and training colleagues in their area of expertise.

## HIGH QUALITY LEARNING ENVIRONMENTS

The OASD is comprised of five 4K-4 elementary schools, two 5-8 intermediate schools and one 9-12 high school. With the generous support of the Oconomowoc community, the district recently embarked on several facility enhancement and expansion projects. These include improvements to three existing elementary schools and replacement of one elementary school. An additional learning facility near OHS was also renovated to house new innovative programs focused on science, business, engineering, design, digital arts and more.

If you live close to a boundary please call the district to verify attendance area. Boundaries are subject to change.
