

Our Mission

The Oconomowoc Area School District, in partnership with the community, demonstrates its commitment to excellence by challenging students with a visionary innovative curriculum in a positive learning environment so that each student develops lifelong learning skills, values and knowledge to become a self-reliant, positive contributor to our community, democratic society, and the world.

The District will continue to focus on student achievement and success, to manage our resources responsibly and to develop healthy relationships with one another. The three areas may sound simple on the surface but our success is dependent on collective effort and dedication.
