STAIRWAY TO HEROIN 2
The Next Step

Tuesday, October 14, 2014
6:00 - 6:30 PM Resource Fair
6:30 - 8:30 PM Program

The Oconomowoc Arts Center
641 E. Forest Street, Oconomowoc, WI 53066

The number of heroin-related deaths in Wisconsin jumped by nearly 50 percent from 1999 to 2012, according to a survey of county coroners.

Join us for a powerful, educational and inspirational evening as we take a closer look at drug use among our youth in the Lake Country area. As a follow-up presentation to our Stairway to Heroin program last spring, this event is a “must-see” for every parent, educator and community member. Help us take the next step.

Oconomowoc High School students will be attending a school assembly during the day to complement this event.

Please register for this free event at https://takethenextstep.eventbrite.com
